Subject: Determination of Completeness
Municipal Solid Waste Landfill Facility
Macon County, Permit # 57-03, Document ID No. 17305

Mr. Stahl:

The Division of Waste Management, Solid Waste Section (Section) has completed the review of the document titled *Operations Plan: Macon County MSW Landfill* (DIN17192) submitted in advancement of a Permit modification request. The document was received in the Asheville Regional Office on September 5, 2012.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean that the required components provide all of the information that is required for the Section to make a decision on the application. The permitting activity fee has been paid and all of the application components required by 15A NCAC 13B.1603(a)(3) were included in the submittal. Therefore, the application is deemed **complete**.

The modified Permit to Operate will be issued under separate cover upon satisfactory completion of the technical review.
